Sunroom ~ At once cozy yet grand. The more intimate size of the room is balanced by a soaring cathedral ceiling & plentiful windows. Coffee by morning sunlight is easy to imagine here.

Great Room ~ The versatile space provided in the great room is enhanced by dramatic floor-to-ceiling windows and cathedral ceiling.

Large, well equipped kitchen ~ Wood cabinets, stainless steel appliances, granite counters and pantry. This is a cooks kitchen!

Formal Dining Room ~ More than generously sized, it features a lovely tray ceiling, free-standing fireplace, & floor-to-ceiling windows.

Master Bedroom Suite ~ Refined details can be found throughout. Note the tray ceiling & hardwood flooring.

So many possibilities for this finished space above the garage. Currently a bedroom, it could be a game room, craft room/studio, guest lounge, or a play room.

Enormous, partially finished, walk-out terrace level ~ Another option for a game room or whatever one could imagine.

Still more space awaits in the partially finished basement, with huge multipurpose room, screening room, full bath, and unfinished storage space. There is also an attached, oversized 3-car garage. Your lot is also large, 0.63 open acres backing to forest. Access to the well-manicured yard is easy from the deck and walk-out basement. Add to all this the gated community and golf club and short drives to both Charlottesville and Richmond – and you basically have it all! MLS# 559781
